Warren County Board of Freeholders
165 CR 519 South
Belvidere, NJ 07823
Attn: Everitt Chamberlain, Director

WARREN COUNTY
PLANNING BOARD

Dear Director Chamberlain:

At a meeting held on Thursday February 22, 2007, the White Township Committee unanimously agreed that they will support the landfill remaining open beyond the recently projected closure date of 2007 with the assurance that it will receive Warren County solid waste only and that the objectionable odor problems remain under control.

The Committee recognizes that the landfill provides an important service to the residents of our Township and the County and that additional capacity is available through the use of cell #5 and through vertical expansion on currently operating cells. The Committee will look forward to the continuation of an appropriate and beneficial host community fee to support Township operations during the extended operational life of the landfill.

Sincerely,

Kathleen R. Reinalda, RMC
Township Clerk
